

# The Next Evolution in Travel

*Forget everything that you have heard about travel and get ready to experience luxury travel with a "Private Resort Membership."*

There is no question that timeshares revolutionized the travel world by combining all of the "comforts of home" with the elegance, service and amenities of a luxury resort. However, with the substantial up front cost, ever rising annual dues, maintenance fees and access to one only week per year or a confusing point system, timeshares are not usually the most flexible or cost effective way to vacation.

Our membership was created by experts from the hospitality and resort industries. This team has decades of experience as resort and travel executives with some of the world's leading travel companies. They have used that knowledge to create a program that provides all of the benefits of ownership, without many of the costly expenses. We also have the ability to take care of all of your travel needs from cruises to car rentals because vacations are more than just accommodations. As a lifetime member you can vacation as many times each year as your schedule allows.

## How Do We Compare?

### Resort Travel

It's obvious that resorts offer a more inclusive travel experience for a more complete vacation escape, but their owners are limited to one travel week per year. With us, you can choose to travel as many times per year as you wish at no extra charge. Our members have access to an exclusive portal where they can book their travel online 24 hours per day or we can handle their arrangements for them.

When you book a stay at one of our member resorts you can relax in a spacious 1-3 bedroom unit with all the comforts of home. Prepare meals in your own private kitchen to save on costs... and enjoy the sunset from your private patio.

Resort accommodations are highly superior to the standard hotel room, and with the membership you can enjoy luxurious resort travel at rates that are more affordable than average hotels!

## Share in All the Fun!

What fun is a vacation without all of the people that mean the most to you?

With our membership you can always bring your friends and family along! Have the entire party stay in one unit to save money, or let your friends and family book at the same resort or they may travel alone using your annual member guest pass.

Members are issued one guest pass each year to be used in any way you like! Give it as a wedding or birthday gift, or as encouragement to get your friends to come along on your next adventure. Whatever the reason, your member guest pass is a complimentary ticket to paradise allowing the recipient to book their vacation at the exclusive member rate.

## Memories Made Daily

No vacation is complete without unforgettable activities that bring the family together, or to simply help you relax.

Horseback riding, golf, tennis lessons, snorkeling, and even yoga, are all within your reach when you book your vacation at many of our resorts. Many of the activities that resorts offer are also free of charge so you and your family can enjoy your vacation without the worry of extra fees.

You can discuss all of the activities provided by your resort destination with your Personal Travel Concierge Specialist so you can take full advantage of everything your resort has to offer! You can either book online or have us help you book guaranteed low pricing at over 5,000 resort destinations, 400,000 hotels worldwide, excursions, safaris, cruises, and all-inclusive packages plus airfare and car rentals. Or you can sit back and let your Personal Concierge take care of your vacation plans for you! Most importantly, our membership is surprisingly affordable, allowing our members a lifetime of unlimited travel to destinations around the world, allowing our members to travel regularly with money left over to enjoy their vacation.

***Your Exclusive Membership will allow you and your family to create truly memorable vacation experiences every time you travel. Just sit back, relax, and let us show you the next evolution in travel!***
